```java
package Oppgave3;

public class Main {

    public static void main (String [] args){

        StaticArrayList liste = new StaticArrayList(3);

        Integer tall1 = 5;
        Double tall2 = 2.2;
        Integer tall3 = 3;

        liste.add(tall1);
        liste.add(tall2);
        liste.add(tall3);

        System.out.println(liste.get(2));
        System.out.println(liste.size());

    }

}
```
